

Professional Tools for Assembling High-Technology Goods

NITTO KOHKI's "Delvo" Electric Screwdrivers are high-quality tools for professional use, with special emphasis on precise torque control and long life. They always apply just the correct amount of torque with accurate and positive control at your fingertips. They are smooth and shockless in operation, too. NITTO KOHKI's customer-oriented service system through our sales agents ensures that you can use Delvo Electric Screwdrivers with a high degree of reliability.

● Shockless

Sophisticated clutches and motor braking mechanism reduce the shock at the end of the screw tightening operation and causes less fatigue.

● Long Life

Motor brushes stand over a million tightening cycles. They can be replaced easily.

● Brushless motors are adopted.

They are eco-friendly, long life, and cover wide torque range.

● High Accuracy

High repeatable torque accuracy provides more consistent screw tightening torque.

● High Speed

High-speed torque motors cut down screw tightening time and enhance productivity.

● Safety Standards

Models with CE Marking (for the European Union) or CCC (for People's Republic of China) are available.

● Quieter

Compare Delvo with a conventional pneumatic screwdriver, and you will hear the difference.
