

ATRA ACE auto Model **WA-3500**

ATRA ACE auto Model **WA-5000**

High-performance mechanism & high-tech components

One-touch cutter replacement

Replacement is quick and easy with our unique push fit self-centering cutter system.

Mounting the cutter

Removing the cutter

Coolant into the Heart of the cut

Coolant is fed directly to the inside of the cut. The coolant system also features an auto shut-off.

Fail-Safe Protection

Built-in motion sensor

If any lateral movement or excess vibration is detected, both the drill and the feed motor stop instantly. Nitto Kohki is the first company to incorporate this feature into magnetic base drills.

Fail-safe restart

The drill will not re-start even if power is re-supplied after accidental shutdown. Drilling can only be continued after turning on the drill switch.

Magnet open-circuit sensor

The drill will not start until the magnetic field is active.
